About the Institution

The Boston City Campus & Business College (Pty) Ltd (Boston) Bachelor of Accounting is accredited by the Higher Education Quality Committee (HEQC) of the Council on Higher Education (CHE). Boston is registered with the Department of Higher Education and Training (DHET), as a private higher education institution, No. 2003/HE07/002, in terms of Section 54(1)(c) of the Higher Education Act, 1997 (Act No 101 of 1997), and Regulation 14(4)(a) of the Regulations for the Registration of Private Higher Education Institutions, 2016.

International Recognition

Boston is accredited as an independent higher education institution with the British Accreditation Council (BAC). This qualification is accredited by the Council on Higher Education (CHE), is registered on the NQF (HEQSF) by the South African Qualifications Authority (SAQA) and the institution is registered by the Department of Higher Education and Training (DHET) as a Private Higher Education Institution (PHEI) to offer the qualification.

The DHET is a department of National Government, and both the CHE and SAQA are statutory bodies, as such these entities are recognised globally. Therefore the qualifications/institutions that are accredited/licensed by them are accepted/recognised throughout the world by other government departments and by their respective agencies such as World Educational Services (WES) and other prominent authorities for purposes of equivalence/articulation i.e. employment/labour certification or further studies. This is a *quid pro quo* arrangement amongst United Nations Member States; as the DHET, CHE and SAQA similarly recognises other nation/states' qualifications/institutions for equivalence/transferring to South Africa i.e. a United Kingdom or Zambian Bachelor of Arts awarded by a public university or private degree granting college which is accredited/licensed in accordance with the United Kingdom or Zambian legislative and statutory requirements, will be equivalated/recognised as such in South Africa.

Similarly the *SADC Protocol on Education and Training*, which is a legal framework for regional cooperation, provides for the recognition of the equality of all Member States. It must be noted that qualifications will be recognised and that curricula specific evaluations may lead to additional requirements for students to meet in order to gain entry into foreign programmes or professions, which is the prerogative of the receiving institution/body. For more information pertaining to direct international linkages/relationships visit the websites of the DHET, CHE, SAQA, CHEA and WES.

Can I become a Chartered Accountant or a Professional Accountant with this qualification?

Yes. Boston has entered into an Articulation Agreement with Monash South Africa for the Bachelor of Accounting degree graduates to be placed directly onto the Monash Postgraduate Diploma in Accounting (PG.Dip. Accounting). "The Monash PG.Dip. Accounting is the Chartered Accountancy pathway that is accredited by the South African Institute of Chartered Accountants (SAICA) and successful completion hereof qualifies students to write the Initial Test of Competence (ITC), the first of SAICA's so-called 'board exams'." The Monash programme makes use of blended learning, with online teaching resources (such as Moodle, Kahoot, etc.) as well as face-to-face lectures and tutorials, presentations and discussion sessions. All applicants, including Boston graduates, must achieve a minimum of 55% in the major modules in year 3 of the B.Acc., and this must be in the year immediately preceding the year in which applicants intend to commence with the Monash PG.Dip. Accounting.

As an alternative to the above pathway. The Boston Bachelor of Accounting degree is accredited by the Council on Higher Education (CHE), the statutory body for all Higher Education Institutions and Programmes in South Africa, and is registered with the South African Qualifications Authority (SAQA) on the National Qualifications Framework (HEQSF) level 7. This is similar to all undergraduate degrees or national first degree programmes at South African universities and will provide for articulation options into NQF (HEQSF) Levels 6, 7 or 8 qualifications.

Graduates may proceed to Advanced Diplomas, Postgraduate Diplomas or Honour's degrees in a variety of disciplines at any number of public universities, private or foreign higher education institutions. In order to gain entry into these programmes students will have to meet the admission and selection criteria of the receiving institution.

If you intend to pursue a career as a Chartered Accountant, you may apply at any South African Public or Private Higher Education Institution who offers a South African Institute of Chartered Accountants (SAICA) endorsed Postgraduate Diploma (CTA*) programme, subject to their admission requirements. In a nutshell, successful completion of the CTA programme will enable candidates to enter into a training contract with a SAICA registered training office and write the Initial Test of Competence set by SAICA, for further details, see:

<https://www.saica.co.za/Training/BecomingaCA/tabid/157/language/en-ZA/Default.aspx>

Alternatively, if you intend to pursue a career as a Professional Accountant, you may apply with the South African Institute of Professional Accountants (SAIPA) to register for their examinations.

The Boston Bachelor of Accounting degree is not yet endorsed by either the South African Institute of Chartered Accountants (SAICA) or the South African Institute of Professional Accountants (SAIPA) as an undergraduate degree. This is in progress as additional programmatic-endorsement cannot be sought at either of these professional bodies prior to initial launch of the qualification. Hence for the Chartered Accountant track, graduates may be required to complete a bridging programme in the form of an Advanced Diploma which is minimum one year in duration, for further details see <https://www.unisa.ac.za/sites/corporate/default/Colleges/Accounting-Sciences/CTA-student-support/One%E2%80%93year-CTA-programme>

*CTA or Certificate in the Theory of Accounting is a postgraduate programme, fourth year of studies. This programme is offered at the advanced level with a further in depth specialisation in Accounting, Auditing, Taxation and Financial Management and is minimum one year in duration.

Can I be admitted to the Boston Bachelor of Accounting degree upon completion of either the Boston Higher Certificate in Accounting or the Boston Diploma in Financial Accounting?

Yes. Apply online with a request for Credit Accumulation and Transfer (CAT) for advanced placement, and await the outcome.

It must be noted that the Boston Bachelor of Accounting degree is commencing with its first intake of 1st year students only, in January 2019. Therefore advanced placement for Boston Diploma in Financial Accounting graduates can only be accommodated in 2020 onward.

Can I be admitted to the Boston Bachelor of Accounting degree upon completion of either the ICB National Diploma in Financial Accounting (Certified Financial Accountant) or the ICB National Diploma in Technical Financial Accounting (Certified Technical Financial Accountant)?

Graduates of the ICB National Diploma in Financial Accounting (Certified Financial Accountant) NQF (OQSF) Level 6 may apply for admission with advanced placement on the Boston Diploma in Financial Accounting or the Boston Bachelor of Accounting degree. Apply online with a request for Credit Accumulation and Transfer (CAT) for advanced placement, and await the outcome.

Graduates of the ICB National Diploma in Technical Financial Accounting (Certified Technical Financial Accountant) NQF (OQSF) Level 5, may apply for admission with advanced placement on the Boston Diploma in Financial Accounting only. Apply online with a request for Credit Accumulation and Transfer (CAT) for advanced placement, and await the outcome.
