About the Institution

The Boston City Campus & Business College (Pty) Ltd (Boston) Bachelor of Accounting is accredited by the Higher Education Quality Committee (HEQC) of the Council on Higher Education (CHE). Boston is registered with the Department of Higher Education and Training (DHET), as a private higher education institution, No. 2003/HE07/002, in terms of Section 54(1)(c) of the Higher Education Act, 1997 (Act No 101 of 1997), and Regulation 14(4)(a) of the Regulations for the Registration of Private Higher Education Institutions, 2016.

International Recognition

Boston is accredited as an independent higher education institution with the British Accreditation Council (BAC). This qualification is accredited by the Council on Higher Education (CHE), is registered on the NQF (HEQSF) by the South African Qualifications Authority (SAQA) and the institution is registered by the Department of Higher Education and Training (DHET) as a Private Higher Education Institution (PHEI) to offer the qualification.

The DHET is a department of National Government, and both the CHE and SAQA are statutory bodies and as such, these entities are recognised globally. Therefore the qualifications/institutions that are accredited/licensed by them are accepted/recognised throughout the world by other government departments and by their respective agencies such as World Educational Services (WES) and other prominent authorities for purposes of equivalence/articulation i.e. employment/labour certification or further studies. This is a *quid pro quo* arrangement amongst United Nations Member States; as the DHET, CHE and SAQA similarly recognise other nation/states' qualifications/institutions for equivalence/transferring into South Africa i.e. a United Kingdom or Zambian Bachelor of Arts awarded by a public university or private degree granting college which is accredited/licensed in accordance with the United Kingdom or Zambian legislative and statutory requirements, will be equivalated/recognised as such in South Africa.

Similarly the *SADC Protocol on Education and Training*, which is a legal framework for regional cooperation, provides for the recognition of the equality of all Member States. It must be noted that qualifications will be recognised and that curricula specific evaluations may lead to additional requirements for students to meet in order to gain entry into foreign programmes or professions, which is the prerogative of the receiving institution/body. For more information pertaining to direct international linkages/relationships visit the websites of the DHET, CHE, SAQA, CHEA and WES.

Can I become a CA(SA) or Professional Accountant with this qualification?

Yes. The Boston Bachelor of Accounting degree is accredited by the Council on Higher Education (CHE), the statutory body for all Higher Education Institutions and Programmes in South Africa, and is registered with the South African Qualifications Authority (SAQA) on the National Qualifications Framework (HEQSF) level 7. This is similar to all undergraduate degrees or national first degree programmes at South African universities and will provide for articulation options into NQF (HEQSF) Levels 6, 7 or 8 qualifications.

Graduates may proceed to Advanced Diplomas, Postgraduate Diplomas or Honour's degrees in a variety of disciplines at any number of public universities, private or foreign higher education institutions. In order to gain entry into these programmes students will have to meet the admission and selection criteria of the receiving institution.

If you intend to pursue a career as a Chartered Accountant, you may apply at any South African Public or Private Higher Education Institution who offers a South African Institute of Chartered Accountants (SAICA) endorsed Postgraduate Diploma (CTA*) programme, subject to their admission requirements. In a nutshell, successful completion of the CTA programme will enable candidates to enter into a training contract with a SACIA registered training office and write the Initial Test of Competence set by SAICA, for further details, see:

<https://www.saica.co.za/Training/BecomingaCA/tabid/157/language/en-ZA/Default.aspx>
Alternatively, if you intend to pursue a career as a Professional Accountant, you may apply with the South African Institute of Professional Accountants (SAIPA) to register for their examinations.

The Boston Bachelor of Accounting degree is not yet endorsed by either the South African Institute of Chartered Accountants (SAICA) or the South African Institute of Professional Accountants (SAIPA) as an undergraduate degree. This is in progress as additional programmatic-endorsement cannot be sought at either of these professional bodies prior to initial launch of the qualification. Hence for the Chartered Accountant track, graduates may be required to complete a bridging programme in the form of an Advanced Diploma which is minimum one year in duration, for further details see <https://www.unisa.ac.za/sites/corporate/default/Colleges/Accounting-Sciences/CTA-student-support/One%E2%80%93year-CTA-programme>

*CTA or Certificate in the Theory of Accounting is a postgraduate programme, fourth year of studies. This programme is offered at the advanced level with a further in depth specialisation in Accounting, Auditing, Taxation and Financial Management and is minimum one year in duration.

For possible specific articulation agreements between Boston and other institutions, please contact the Dean of Institutional Advancement.

Disaster Management Act and Academic Services

Boston recognises the need to deploy whatever reasonable measures necessary to obviate any negative impact on academic provisioning that might attend the invocation of the Disaster Management Act (Act No. 57, 2002) and the consequent gazetting of regulations. While Boston will attempt to minimise disruption to academic services, this could result in changes to academic calendars, procedures, processes, services, etc., all of which will be communicated to students and relevant stakeholders.
