HIGHER EDUCATION
GRADUATION
CEREMONY PROGRAMME

Graduation in Absentia | 25 MAY 2021
Sem B 2020 Graduates

OUR MISSION

To provide quality, relevant education and training to all learners.

OUR VISION

- Assist and guide learners in shaping their future in terms of the selection of learning programmes
- Align all learning programmes to the National Qualification Framework (sub frameworks, standards and qualifications).
- Deliver quality tuition and assesment.
- Improve staff development, loyalty and morale.
- Work in national, sectoral and local contexts.
- Reach company objectives.
- Be responsive to changing environments.
- Accept accountability for our actions.

GRADUATION IN ABSENTIA

Dear Graduates and Guests,

Unfortunately, due to the ongoing COVID-19 regulations governing social-distancing we are unable to host a Graduation Convocation on the day. You will therefore graduate in absentia. You are invited to view and share communication from Dr Botha that will be available in video graphic format on our Boston social media pages by following the provided link.

We wish to communicate the below “how and where” arrangements about your transcripts and certificates, and our Graduate Support Services. All students who have completed their studies at the end of 2020 graduate in absentia at 12:00 on 25 May 2021. Due to COVID-19 we have made the following arrangements:

1. Support Centres can be contacted telephonically or via email to assist you with electronic versions (pdf) of your academic transcripts and/or letters of completion where needed.
2. The Student Records and Results Office will send a letter about our Graduate Support Services including Graduate+ after the graduation.
3. Printed transcripts and certificates will be dispatched to your Support Centre for collection. Please contact your support centre prior to collection.
4. Graduate achievements will be uploaded to the National Learner Database (NLRD) as per normal.
5. We understand the importance of the full graduation experience. We therefore will be affording all of our graduates and their families an opportunity to attend a graduation ceremony at a later stage. The details of this event will be communicated to each graduate in due course. We hope to make an announcement on these events later in 2021 or early 2022.

Please contact your Branch with any administrative queries or questions.

Kind Regards,
Ruan Venter
Registrar - Administration

MESSAGE FROM THE CEO PROFESSOR ARI KATZ & THE BOARD OF DIRECTORS

Friends, I would like to commence by congratulating you all on equipping yourselves with what has to be considered today, as the ultimate key to success. This may not have been an easy journey, however, all great achievements and rewards require hours of work, pain and sweat. Well done for the hours and efforts you committed to in order to be here today.

Graduates of Boston City Campus and Business College, you are now empowered to encounter the world of commerce within your chosen industry. Your world class and esteemed education from Boston City Campus and Business College will open many doors, which will lead to many exciting opportunities.

My friends, you have achieved the skills to make a difference to our country and to our volatile economy. Your education will allow you to fall within the category of those who are able to shake our economy for the good, rather than those who unfortunately, allow the economy to shake their world.

The crimes of Apartheid influenced our education system and lead to generations being poorly educated and hence, poorly employed or unemployed. Tragically, this resulted in creating a society where a lack of education was becoming a significant social problem. However, with the help of Boston City Campus and Business College you are part of the process that is curing this problem - using the weapon of education!

Former students and current alumni, as I congratulate you on this life changing achievement, both for yourselves and society at large, I would like to wish you the best of luck for your future. Thank you for choosing Boston City Campus as a partner in molding your futures and changing the trajectory of our country.

MESSAGE FROM THE HEAD OF INSTITUTION

DR. HENDRIK BOTHA & DR ROB STEGMAN

Dear Graduates, families, sponsors and significant others:

Navigating the complex terrain created by the ongoing reality of the global pandemic with its waves of anxiety-causing threats has reminded us again that we are made for community and connection. The various levels of lockdown have changed how we relate to each other, interact with our world, and anticipate our futures. This change is often described as a loss, yet the human spirit is remarkably resilient and adaptable. We negotiate our loss, search for new meaning, and make a go of life in the face of ongoing risk.

As an institution of higher learning, Boston takes cognisance of the many challenges our students faced throughout their studies, only amplified by the pandemic. With our students, we mourn the loss of the 'pomp and ceremony' that comes with sharing a physical space to mark the transition from being a student to becoming a graduate. The graduation ceremony is a rite of passage, signalling our emergence into the world of work. The absence of a physical event, students in their academic attire, walking, sometimes dancing, across the stage to have their degree conferred, is hard for all of us to accept. But we have a mutual responsibility to minimise the risk of spreading COVID-19. And while it is a significant sacrifice to ask students to make, we know that it is a sacrifice easily made for the common good and health of our learning community. And to this end, we want to thank our graduating class of 2021 for their understanding, inviting you to be present and make the connection even in the absence of a physical graduation ceremony.

So, while we are still unable to gather to mark this moment in the lives of you, our graduands, we nevertheless signal with this virtual ceremony the celebration of your tremendous fortitude in overcoming the significant odds stacked against us all. And, so on behalf of the Directors and the Academic Board, I undertake the sacred charge to graduate you, our valued graduands, in absentia.

In place of a physical graduation ceremony, with this letter, as the Academic Head, I formally graduate you with all the honours, rights and privileges accompanied herewith. I do now release your Degree, Diploma or Higher Certificate qualifications and transcripts.

It is a great joy for us to recognise the achievements of 1847 unique individuals whose lives have been changed throughout their studies.

While it is important to celebrate the achievements of our graduates, we do want to acknowledge the crucial and supportive role played by the mothers, fathers, grandmothers, grandfathers, brothers, sisters, uncles, aunts, nephews, nieces and guardians. Their perseverance and commitment to stand by you has made the obtainment of your awards possible.

By choosing Boston City Campus, we are reminded that you, now our graduates, have entrusted your vocational futures into our hands. We are grateful and honoured by your choice. It is a choice that carries gravitas, motivating us to ensure we do everything in our power to give you the best foundation for your careers. We take to heart the importance of this decision and know, too, that your experience echoes out into the world. From the positive feedback we've received on our international accreditation to the service delivery and provision of all course material and textbooks at the start of every semester, all confirming that we really do embody a student-centred approach to higher education.

On this occasion, during this extraordinary moment in our history, I want to consider what words of inspiration, what message of encouragement I might offer the graduating class of 2021.

I was recently reminded of the crucial role that education plays in shaping society. In his book, *Radical Hope: A Teaching Manifesto*, Kevin Gannon (2020, 5) writes, "Teaching is a radical act of hope. It is an assertion of faith in a better future in an increasingly uncertain and fraught present. It is a commitment to that future even if we can't clearly discern its shape."

We teach because we refuse to accept that the world needs to stay the way it is. We teach because we resist hopelessness, choosing to believe that students' lives will be transformed through their encounters in the learning spaces we create. We teach because to do so requires that we continue to move, negotiate the uncertainty, navigate the risks, and ultimately hold onto the possibility that there is a new world waiting to be brought into existence. And, if we teach as a radical act of hope, we maintain that the subject of that hope is you, our graduating class!

You will give hands and legs to hope. You will craft new ways of being in the world, reimagine the future, and reshape the possibilities. And, as you do, you will leverage what you have learnt, in the books, in your interactions and relationships, and through your experiences, reach out and make new connections, activating your agency for the sake of the wider community.

The future you create will need you to be courageous in the face of significant resistance. You will often be called to lead upwards and, in so doing, subvert convention and challenge tradition. Your future will involve deconstruction and construction, and sometimes recognising what is needed at any given moment will make all the difference.

Constructing the future will often play out in fits-and-starts. The temptation to accept things as they are will be ever-present, especially in the face of roadblocks. And, that temptation will also surface as an invitation to toe the line. But, you are not alone. You take hold of your future as part of a community of Boston graduates.

There is no way to predict the future or anticipate what challenges lie ahead in a post-COVID world. We can, however, choose to participate and audaciously engage in creating the future. Abraham Lincoln said, "The best way to predict the future is to create it." As difficult as that may prove to be, and it will continue to be difficult, I want to remind you that you have each overcome immense obstacles to complete your qualification under extraordinary circumstances. You have triumphed over the naysayers, the inner voice telling you you're not worth it, the negative external voices.

Creating the future as a radical act of hope speaks to the profound sense of what it means to be human. We have such a capacity for beauty and goodness. Fully present within the moment, but with a full appreciation for where we've come from, we can look to a new future. We embrace one ending, which permits a new beginning.

So, build on your success, conquer your fears, and overcome what is holding you back from entering the next stage. This VUCA world will need your audacious imagination to cast a vision of a different world; a world in which we honestly assess both how we can be the problem and the solution; a world in which the delicate balance is restored for the flourishing of all life, a world in which you take up your part as part of a community of radical hope.

Without further ado
Nkosi Sikelel' iAfrika

Kind regards,
Dr Hendrik Botha

OBTAINING A QUALIFICATION CUM LAUDE

For a student to graduate *Cum Laude*, the following academic rules apply:

1. Higher Certificates

Cum Laude

- All resident modules must be completed with a combined total average of 75% at the first attempt.

Summa Cum Laude

- All resident modules must be completed at the first attempt and with a final grade of 75% or more per module.

2. Diplomas and Bachelor Degrees

Cum Laude

- Resident first-, second- and third-year modules must be completed at the first attempt.
- At a minimum, all the resident third-year modules must be completed with a combined total average of 75%, or more.

Magna Cum Laude

- Resident first-, second- and third-year modules must be completed at the first attempt.
- At a minimum, all the resident third-year modules must be completed with an average of 75%, per module.

Summa Cum Laude

- All of the resident modules under the first-, second-, and third-year must be completed with an average of 75% or more per module at the first attempt.

3. Postgraduate Qualifications (PGDip)

Cum Laude

- All the resident modules must be completed with a combined total average of 75%, or more and at the first attempt.
- The Research Paper/Thesis must be completed with a final grade of 75%.

Summa Cum Laude

- Resident modules must be completed with a combined total average of 75%, or more at the first attempt.
- The Research Paper/Thesis must be completed with a final grade of 85%.

4. Completion of Programmes in time

To obtain any Boston Higher Education and Training qualification *cum laude*, a graduate shall pass all the modules of the relevant qualification at the first attempt. A distinction result obtained for a repeated module shall be indicated on a transcript, but will not be considered for the awarding of a graduate with a pass *cum laude*.

5. Supplementary Assessments

Graduates who have passed (a) module(s) after a supplementary assessment (resubmission/supplementary examination), will be considered for a pass *cum laude*.

6. CAT/Exemptions

The final module grade achieved at another institution is not recorded for CAT and/or cum laude decisions. As a rule, students awarded with exemption (via RPL) and/or credit accumulation and transfer-in (CAT) for (a) module(s), will be considered for awarding *cum laude*. The term *resident modules* refers to modules completed with the institution (Boston) and that were not awarded with CAT/Module Exemption through RPL.

SOUTH AFRICAN NATIONAL ANTHEM

**Nkosi sikelel' iAfrika
Maluphakanyisw' uphondo lwayo,
Yiswa imithandazo yethu,
Nkosi sikelela, thina lusapho lwayo.**

**Morena boloka setjhaba sa heso,
O fedise dintwa le matshwenyeho,
O se boloke, O se boloke setjhaba sa heso,
Setjhaba sa South Afrika - South Afrika.**

**Uit die blou van onse hemel,
Uit die diepte van ons see,
oor ons ewige gebergtes,
Waar die kranse antwoord gee,**

**Sounds the call to come together,
And united we shall stand,
Let us live and strive for freedom,
In South Africa our land.**
